**UAB**

Universitat Autònoma de Barcelona

## *The strength of the University*

The Universitat Autònoma de Barcelona (UAB) is a dynamic, innovative, public institution which puts its experience and facilities at the service of groups wishing to enjoy an educational, sporting or leisure break in a safe environment that is intellectually stimulating, culturally and socially enriching, and fun.

The Campus of the UAB is located in Bellaterra, comprising a natural environment of 230 hectares. It is well connected to the El Prat Airport, the city centre and the rest of Catalonia, by motorways and a public transport network. The UAB Campus is only 25 km away from Barcelona: a fascinating Mediterranean city, home to architectural and cultural masterpieces with an exciting, cosmopolitan atmosphere.

The UAB has created University Residential Camps, a new kind of holiday or educational break for groups, in summer or throughout the year. **University Residential Camps** offer accommodation, catering and educational and leisure activities. You can choose a complete tailor-made programme including all those services and a wide range of other activities, or use our facilities and services to host your own programmes.

The **Campus in Bellaterra** has a hotel, a student apartment complex for 2.193 people, the University classrooms, fully equipped sports facilities, a wide range of bars and restaurants, and a commercial area, all within a natural environment.

**In Barcelona**, the University manages Casa Convalescència, a modernist building located within the historic grounds of the Hospital de la Santa Creu i Sant Pau, declared a Historic Artistic Monument and part of UNESCO's Cultural Heritage for Humanity. Casa Convalescència is home to the UAB language school.
